

The Pets Workshop VR

Cut Hair

Clip Nails

Clean Ears

Photo booth!

WHY VR?

✓ makes training resources more accessible

users can practice anytime and anywhere

✓ practice with unique, complex scenarios

difficult clients, unusual tasks will be easier to handle

✓ lower overhead cost for training

saves \$\$\$, and helps cut down on material costs

✓ curious pet owners can try grooming techniques

clients feel more comfortable entrusting their pets to groomers

PRACTICE AND IMPROVE YOUR PET GROOMING TECHNIQUES!

MAIN OBJECTIVES:

OPTIMIZE TRAINING

Trainees can refine and rehearse various grooming techniques while also gaining experience in handling challenging customers.

REDUCE MISTAKES

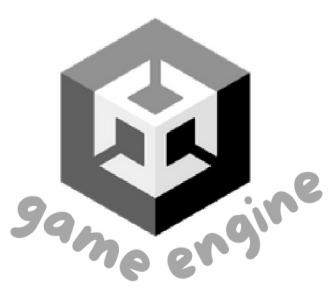

By training groomers on more complex scenarios, client pets are less likely to be injured due to inexperience or accidents.

SUSTAINABILITY

Cut down on usage of physical material used for training such as foams and grooming tools.

TOOLS USED:

game engine

custom textures

VR Frame work
